## SHELF-LIFE & BATCH NUMBER CODIFICATION

Hereunder is the system used for the shelf-life and production code:

**EXAMPLE: SL 08 2012912077**

first two figures / positions	means "shelf-life"	SL
second two figures / positions	means month of shelf-life	08
next four figures / positions	means year of shelf-life	2012
next figure / position	means year of production	9 (means year 2009)
next two figures / positions	means calendar week of production	12 (means 12 th calendar week of 2009)
last three figures / positions	a three digit numbers	077 witch correspondends to the production number

Mann & Schröder assure a minimum of 30 months validity for our products, calculated from production-week, under appropriate stock keeping and custody of goods.
